

SPEAKER NICHOL: Senator Rupp, are you going to handle those?

SENATOR RUPP: Yes. Mr. Speaker and colleagues, this is probably about as uncomplicated a bill as we will deal with this session. It is a committee bill at request of Game and Parks Commission. The whole substance of the bill is simply a one word change on page 2 in line 6. You will see that all hunting, fishing and trapping permits contain quite a bit of physical information on a person that holds that permit, age, color of hair, color of eyes, height, weight, et cetera. On the back side of the permit at some time previous, I know not how long ago, it was decided that they should list also their occupation, the occupation of that person holding the permit. They now request that that occupation be deleted from the back of the permit. I believe they feel it is, first of all, no longer necessary. Second of all, it is not very well complied with. A lot of times they see on the occupation line only such general statements as self-employed or state employee or something to that effect that really doesn't lend any more information to the conservation officer that might be checking the permit. There has been some minimal complaining I guess about this being on there the last year or two. I am not certain exactly why. Possibly somebody was embarrassed that they might have to put unemployed on there. I don't know the reasoning behind it. But in any event it is a committee bill at request of Game and Parks. Simply removes the occupation blank from the backside of the permit. There is no cost, of course, because permits are printed each and every year. This would go into effect for the 1986 permit. So there is no cost. They would simply print it without that. I urge the advance of LB 224.

SPEAKER NICHOL: Any further discussion on the bill? If not, you have heard the explanation of the bill. The question is, shall the bill advance? All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 34 ayes, 0 nays, Mr. President, on the motion to advance the bill.

SPEAKER NICHOL: LB 224 advances. Senator Wesely, have you returned and are you ready to handle number 86?

CLERK: Mr. President, LB 86 offered by Senator Wesely.
